### PROFESSIONAL SUMMARY

Data Scientist with 5 years of experience building predictive machine learning models, NLP pipelines, and data analytics solutions. Proficient in Python, PyTorch, Scikit-Learn, SQL, and big data processing with Apache Spark.

### TECHNICAL SKILLS

Skills: Python, Machine Learning, Scikit-Learn, PyTorch, Pandas, NumPy, SQL, Data Analysis, Deep Learning, NLP, Large Language Models, Apache Spark, Docker, AWS, Tableau, Statistics

### WORK EXPERIENCE

#### Senior Data Scientist · NeuralInsight Labs

2021 - Present

- Trained and evaluated state-of-the-art NLP and transformer models using PyTorch and Hugging Face.
- Constructed scalable feature engineering pipelines with Python, Pandas, and SQL processing 2TB+ daily data.
- Built customer churn prediction models with Scikit-Learn improving retention by 18%.
- Deployed containerized inference microservices using Docker on AWS EC2.

#### Data Analyst / ML Researcher · FinData Corp

2019 - 2021

- Executed statistical regression and time-series forecasting on market telemetry.
- Created interactive analytical dashboards in Tableau and Streamlit for executive stakeholders.
- Automated ETL data workflows using SQL and Apache Spark.

### EDUCATION

Master of Science in Data Science, Stanford University (2017 - 2019)

Bachelor of Science in Mathematics, Boston University (2013 - 2017)

### CERTIFICATIONS

TensorFlow Developer Certificate (2020)
